WE'RE HERE WHEN YOU NEED US

Help in Stressful Times

As individuals and families change, people often experience periods of stress

Sometimes stresses are part of the best times - like the birth of a child or a new marriage. Other times, stresses can be precipitated by crises - like job loss, divorce, or the death of a loved one.

Whatever the cause, your work, family relationships and general sense of well-being can suffer. When that happens, professional counseling makes all the difference.

We serve all who live and work in Passaic and Northwest Bergen Counties without regard to race, color, creed or national origin.

It's as Easy as Picking Up Your Phone

When you call either of our offices, one of our licensed clinical social workers will answer your questions and schedule an initial appointment.

All inquiries and counseling sessions are confidential. We offer daytime and evening appointments.

Fees are rendered on a sliding scale based on income and family size. Your Insurance may cover a portion of the cost of counseling. We can help you review your insurance coverage and assist you with the paperwork as we are providers for insurance companies, employee assistance programs and Medicare. No one is denied service because of inability to pay and we accept credit cards.
